27 EXPLANATION

28 The inclusion of this explanation does not constitute agreement with
 29 the explanation's substance by the members of the general assembly.

30 GENERAL. This bill amends a number of provisions
 31 administered by the department of agriculture and land
 32 stewardship (DALS).

33 HORSE RACING — ELIMINATION PAST DATES APPLICABLE TO
 34 IOWA-FOALED HORSES. The bill eliminates past dates (either
 35 referring to before or after January 1, 1985) setting

1 forth requirements to determine when a horse is eligible to
2 participate in an annual race reserved for Iowa-foaled breeds
3 (Code chapter 99D).

4 EXAMINATION OF CERTAIN ARTICLES — ELIMINATION OF CONTINGENT
5 FUND. The bill eliminates a "contingent fund" dedicated for
6 use by DALS to pay costs associated with the examination of
7 certain articles, including food, commercial feed, agricultural
8 seed, commercial fertilizer, drugs, pesticide, and paint (Code
9 chapter 189).

10 MILK REGULATION — FEDERAL PUBLICATIONS. The bill allows
11 DALS to adopt by rule a number of federal publications as
12 defined in the bill, including adopting by reference, that
13 relate to the regulation of milk and milk products (Code
14 chapter 192).

15 ELIMINATION OF SEED LABORATORY. The bill eliminates DALS'
16 seed laboratory which is used to enforce regulations relating
17 to the sale of agricultural and vegetable seed. The bill does
18 not affect duties performed by the Iowa state university seed
19 laboratory but changes its name to the Iowa state university
20 seed testing laboratory (Code chapter 199).

21 GRAIN DEPOSITORS AND SELLERS INDEMNITY FUND — FEES. The
22 bill excludes certain transactions from the classification
23 of "purchased grain" which is assessed a per-bushel fee
24 paid by grain dealers into the grain depositors and sellers
25 indemnity fund (Code chapter 203D). The fee would not apply
26 to a cancellation of a collateral warehouse receipt or an
27 intra-company location transfer (Code chapter 206), if so
28 entered into the grain dealer's accounts. It also changes the
29 period when the department calculates whether assets in the
30 fund exceed \$8,000,000 which suspends the imposition of fees
31 paid into the fund. The bill changes the period from the end of
32 each three-month period to the end of the fund's fiscal year
33 (June 30).

34 CHLORDANE PROHIBITION — ELIMINATION OF A DATE. The bill
35 amends the "Pesticide Act of Iowa" by eliminating a past date

1 (January 1, 1989) after which chlordane could not be sold in
2 this state (Code chapter 206).

3 COAL MINING REGULATIONS — ELIMINATION OF A TERM AND DATE.
4 The bill eliminates the term "general welfare" when referring
5 to the rehabilitation and conservation of land affected by coal
6 mining (Code chapter 207). It also eliminates a reference to
7 a past date (May 2, 1977) regarding liens filed against such
8 property. DALS is prevented from filing a lien against the
9 private land of a person who owned the land's surface prior
10 to that date to pay costs associated with rehabilitating or
11 conserving such land.

12 EXPANSION OF DEFINITION — BIOBUTANOL. The bill modifies
13 the definition of biobutanol to include n-butyl which is an
14 alcohol used to blend with gasoline.

15 INSPECTIONS OF CERTAIN TEST WEIGHTS — APPROVAL OF PRIVATE
16 LABORATORIES AND FEES. The bill provides that DALS no longer
17 verifies test weights used by persons engaged in scale repair
18 work (Code chapter 215). Instead, DALS is required to approve
19 a private laboratory that performs that function. The bill
20 also eliminates associated fees.

21 DIVISION OF SOIL CONSERVATION AND WATER QUALITY. The
22 bill amends Code section 159.5 to change the name of DALS'
23 division of soil conservation to the division of soil
24 conservation and water quality. The bill makes a number of
25 conforming amendments to Code chapters that refer to the
26 division. Finally, the bill changes the name of the division's
27 administrator to director.
